Re: FIMI Contracts 3B1, 3B3 – Davis Park

Ladies and Gentlemen:

We are writing on behalf of the Davis Park Association (DPA) and the residents of Davis Park and Ocean Ridge to commend the Brownie Companies (Brownie) on their excellent work in our community on the FIMI project.

As you know, we were one of the Fire Island communities hardest hit in Superstorm Sandy. As a result, we had multiple homes subject to demolition or relocation as part of FIMI. Brownie has handled this work in prompt and exemplary fashion. They have been professional, courteous, communicative and responsive to community and homeowner needs. We have not received a single complaint about Brownie's work over the months-long process to complete these contracts – which I am sure you can appreciate is quite a compliment!

We are pleased that Brownie will also be handling the construction of our dune crossovers as we know they will do a great job for us.

Again, thanks to Brownie and the other FIMI project participants for helping to realize this critical project so vital to the protection of Fire Island and the Long Island mainland.

Sincerely yours,
Jayne S. Robinson, President
Davis Park Association
